

The Beachwood Chamber has aided our company in enhancing our benefit package for employees and developing relationships outside our sphere of expertise. While there is an abundance of networking, development and educational programs offered by the Chamber, it is the manner in which the members and staff interact and work together that sets the Beachwood Chamber apart.

Joseph, Mann & Creed

We opened our business in 2008 and decided to join the Beachwood Chamber of Commerce to introduce our new business to its members. However, we actually feel as if we've been members much longer due to the warmth and friendliness of the members and staff. Through networking and sponsorship opportunities, the Beachwood Chamber has already helped us grow our customer list.

Like the Chamber of Commerce, the Cleveland Clinic strives to make a positive impact in the Beachwood community. Partnering with the Chamber of Commerce in this mission strengthens our ability to provide the highest quality services in the interest of the community. Beachwood Chamber events have provided excellent opportunities to meet and build relationships with community leaders.
